SUMMARY

Web Developer and Data Analyst with hands-on experience in web application development, data visualization, reporting and CRM tools. Skilled in building user-friendly applications, analyzing data, and solving business problems.

EXPERIENCE

Data Analyst Intern

Tarcin Robotics

Apr '26 — Present

- Monitored and visualized operational data using Grafana dashboards to support reporting and performance tracking.
- Configured automated alerts via Slack, WhatsApp and email and supported dashboard optimization efforts.
- Cleaned, validated, and imported customer and lead data into Zoho CRM to maintain data accuracy and consistency.
- Synchronized contact data between Zoho CRM and Zoho Campaigns for marketing communication workflows.
- Created and managed mailing lists and audience segments in Zoho Campaigns to support targeted email campaigns.

Business & Data Analytics Intern

YBI Foundation

Feb '25 — Mar '25

- Developed a recommendation-based application using Python and structured datasets containing 1,000+ records
- Improved data quality through preprocessing and backend logic implementation for application workflows
- Built interactive output displays to enhance usability and recommendation accessibility
- Strengthened analytical and problem-solving skills through data handling and application development tasks

Frontend Development Intern

Hazzino Technologies

Jun '24 — Jul '24

- Developed a responsive task management web application using HTML, CSS, and JavaScript
- Implemented task adding, editing, and deletion functionalities, improving user interaction efficiency
- Improved mobile responsiveness across multiple devices and enhanced cross-browser compatibility
- Optimized frontend performance and reduced interface response delays for smoother user experience

EDUCATION

B.E in Computer Science and Engineering, Muthayammal Engineering College (GPA: 7.99)

Nov '22 — Apr '26
Namakkal

HSC, T.M.H.N.U.VID.MAT.HR.SEC.SCHOOL (Percentage: 85)

Jun '21 — May '22
Theni

SSLC, T.M.H.N.U.VID.MAT.HR.SEC.SCHOOL (Percentage: 77.6)

Jun '19 — May '20
Theni

CERTIFICATIONS

Python 101 for Data Science, IBM

HTML & CSS, GUVI

Practice Java, CodeChef

PROJECTS

Smart Agri Connect Web Platform | HTML, CSS, JavaScript

- Built a responsive farmer-to-buyer marketplace web platform
- Improved accessibility and usability through responsive frontend development
- Designed user-friendly interfaces for product listing and browsing
- Streamlined product publishing workflow for better user experience

Hall Allotment System Web Application | Flask, Python, HTML, CSS

- Developed a web-based automated hall allocation system for exam seating management
- Implemented seat allocation logic to prevent same-department adjacency
- Processed CSV-based student data for efficient hall distribution
- Designed responsive frontend pages for allocation and student management workflows

SKILLS

Frontend: HTML, CSS, JavaScript

Programming Language: Java, SQL

Backend: Python, Flask

Tools: Git, GitHub, VS Code, Eclipse

Analytics Tools: Zoho CRM, Zoho Campaign, Grafana
